### Paramedic Program

Dear Prospective Student:

Thank you for your interest in the REMSA Paramedic Program.

We provide students a complete program beginning with 602 hours of intense classroom education taught by experienced providers in the field of paramedicine. Next, students will begin their clinical rotations at various healthcare facilities around the area including the trauma center, emergency departments, ICU's, CCU's, urgent cares, operating rooms, and pediatric facilities. Finally, all REMSA paramedic students are placed with an experienced paramedic in the field for 480 hours of hands-on learning.

We are dedicated to the success of our students from beginning to end and maintain stringent academic standards to ensure our students are prepared to begin their careers with the knowledge and confidence needed to be effective practitioners in the field of paramedicine.

Enclosed you will find a list of prerequisites, an application checklist, detailed application, and supplemental application as well as recommendation forms. Please review the application and the requirements carefully. Requesting/obtaining transcripts from past schooling takes time, so please start this process ASAP. Incomplete applications may be returned and cause a delay in processing.

All applications should be completed and delivered to REMSA Education by the date indicated online.
